VOL 19, No. 36

FREDERICKSBURG, VA. TUESDAY, APRIL 19, 1904

PRICE, 3 CENTS

HER BABIES' PRATTLE TORTURED HER

Run Down, Sick, Moody, Irritable—This Burdened Mother "Often Wished She Had no Children"—But To-day She is Bright, Strong, Cheerful, Well Quicker Braced—Invigorated and Cured by the Celebrated Nerve Vitalizer and Tonic.

Paine's Celery Compound

Hundreds of homes there is present ed this same bitter spectacle, the mother who is unable to enjoy her children about her, whose quivering nerves vibrate at the happy chatter, as if from the chest of a whip.

Too many a discouraged woman, or man, has recourse to the coffee pot—or to a still more insidious stimulant—and the result is nervous and physical wreck, and a saddened home.

This tired, nerve-racked mother—Mrs. A. F. Eiler—was wise enough to build up her system and her nerve force, quickly instead of taking a stimulant like coffee to burn them up. She writes:

"I am the mother of a large family, and household duties completely wore me out."

"I became nervous and run down, and had no appetite. I was so nervous that my children's talk, which always amused me, became a source of irritation."

"I often wished I had no children. About three weeks ago I began taking

Paine's Celery Compound, and it is a blessed medicine. It certainly has restored my temper and appetite. My nervousness has all disappeared. I am grateful for the discovery of such a great remedy." Mrs. A. F. Eiler, Mount Washington, Pa.

BE WELL THIS SPRING.

"Energy, Confidence and Health—Simply matters of good vital NERVE FORCE."

—Prof. Edward E. Phelps, M. D., LL.D., of Dartmouth University—Famous Discoverer of Paine's Celery Compound.

Go to your Druggist TO-DAY—Get one bottle of Paine's Celery Compound. See how DIFFERENT it will make you feel.

STAFFORD.

Fishing Notes—Quarterly Conference—Personal and Other Items.

Stafford C. H. Va., April 16, 1904.
Mr. Frank Scholier is ill with pneumonia and is being attended by Dr. R. J. Payne. Mr. R. L. Fritter has the same disease and is attended by same physician.

The river scene at both Wilewater and Marlboro are making good catches of fish, an average of 20,000 to 25,000 at Marlboro. At Wilewater 25,000 was reported at one haul this week. The creek fishery has not done so well, on account of the cold winds of the last few days.

April has proven thus far to have been worse than March; instead of snow and ice, frost and blizzards, behavior have been the rule. It is to be hoped that winter will end before August.

One of our young men of economical habits, paid Washington 25,000 a week and after a stay of a week returned home. His expenditures for the whole period were twenty-five cents; besides the fact that he collected whilst away 100, due him by a party in the city.

Miss Esther W. Bryan, who has been taking a course of shorthand and typewriting in Norfolk, passed her examination last week. There was a class of eight up for examination, three of whom passed. Miss Esther being first.

Walter Wamsley, sheriff, qualified in the Clerk's office this week as executor of Geo. Howard's estate.

Visitors at Clerk's office this week: Messrs. H. G. Chesley, treasurer, A. W. Evans, deputy treasurer, W. B. Robery, J. P. J. E. S. and R. A. Red, Amos Kaine, A. W. and W. S. Gild, T. D. Payne, of the county, and Geo. W. Masters, of the Burg.

Miss Bessie Steele has closed her school and departed for the Burg, after a successful term. She has been much appreciated by the patrons. Her last report three days here with her just before she left for home.

Mrs. Katie Dabney and family, who have been spending a month with Mrs. M. H. Morton at Brooke, have returned to their home at Hines.

Mr. D. W. Curtis expects to leave here in the near future to take charge of his mother's farm near Washington.

Miss Mabel Starke is visiting the family of Mr. E. S. Moore.

Mrs. Deliafield Cliff is visiting friends here today.

Miss Mollie Truslow has returned from Washington for a two weeks' stay, to be with her sister, Miss Fannie, who still continues in delicate health.

Very little farm-work has been done up to this writing. Your correspondent never knew gardens to be so backward at this date.

Rev. L. D. Potter arrived from West Point, Va. last Saturday and made his first round for the conference year last Sunday.

The first quarterly conference of the M. E. Church, South, will be held at Anderson's Chapel the 24th and 25th of May.

If the membership of the church would make an effort and pay the amount due each quarter, and not wait the end of the year, the better it would be for all concerned.

Subscription.

Action On Crum Appointment Delayed—Washington, April 15.—The nomination of William D. Crum to be collector of customs at Charleston, S. C., was called up in executive session of the senate by Senator Gallinger, but Senator Tillman, who opposes confirmation, explaining that he was not well enough to make a speech, the nomination went over. Senator Tillman expects soon to return to his home in South Carolina, and possibly may not be able to attend congress again before adjournment. In that event the nomination probably will fall of confirmation, and the president will make another recess appointment to hold until next session.

Torpedo Boat Flotilla at Cavite. Manila, April 15.—The United States auxiliary cruiser Buffalo and the torpedo boat flotilla, commanded by Lieutenant Chandler, have arrived at Cavite. The flotilla has come out from Hampton Roads. It left Singapore and entered upon the last stage of its long voyage on April 9.

Bill to Pension Letter Carriers. Washington, April 15.—Senator Frye introduced a bill providing for the retirement of letter carriers who have reached the age of 60 and who have served for 25 years. The bill gives the carriers retired pay at 80 per cent. of the salaries they were receiving at the time of retirement.

Miss Bessie S. White has been appointed postmaster at Accomac C. H.

KING GEORGE.

Notes, Personals, Etc.

Comron, Va., April 14th, 1904.

It seems that but few people know that six per cent. interest will be added to 1903 taxes not paid by June 12th, 1904, which, with the 5 per cent. penalty already added, will make eleven per cent. on all taxes remaining unpaid at that time.

It is supposed that a greater part of the taxes will be paid before the new law goes into effect June 12th. But it is said that a good many poor people are barely able to pay until after harvest.

The summer brings opportunities that no other season brings to hundreds of good and worthy, but poor people, many of whom have nothing with which to pay taxes until these opportunities come.

Notes are being put in place in this section for repairs to the telephone line.

It is understood that some of the King George people are enlarging their residences and making other arrangements for accommodating summer boarders the coming season. King George has become popular as a "summer resort" for city people.

Mr. and Mrs. John T. Minor, of Baltimore, are spending a few days in Baltimore.

Mr. John King, who has been very ill, has improved sufficiently to be out in mild weather. His little daughter, who has been ill with typhoid fever, is also improved.

Farm work has progressed rapidly the past few days. Corn planting will be later than since 1895. Speaking of fertilizers, one party said that he used "two wagon loads of guano" on 10 acres last year, and did not enough corn extra to pay the fertilizer bill. The guano with freight cost \$3. Some neighbors had the audacity to tell him that \$3 worth of fertilizer at \$15 per ton was hardly enough for 10 acres of poor land.

VIRGINIA NEWS.

The residence of Emerson Dennis, in Northampton county, was destroyed by fire Thursday. Loss \$2,500, partly insured.

Rev. George S. Vest, assistant at St. Paul's church, Richmond, has been called to the rectory of Trinity, York, St. Martins, and the church of our Saviour, in Hanover county.

Mr. Rixey has introduced in the House a memorial of Col. Edward Danville, of Fairfax county, urging the establishment of a school of agriculture and industry in memory of the late George Mason, of Virginia; also a petition of Rev. J. P. Stuart and 37 others, of Alexandria, in favor of the Hepburn Relief bill.

The following citizens of this State have been granted patents at Washington: Richard P. C. Sanderson of Norfolk, relief valve for locomotive engine cylinders; Wilbur A. Coke, of Norfolk, non-refillable bottle; James B. Jarmine, of Richmond, plow; William C. Deards, of Richmond, grinding mill; Charles L. Turner, of Newport News, atomizer.

Southern R. R. To Erect Y. M. C. A. Building.

The Southern Railway is preparing to erect at Mohr, the end of the division, five miles from Lynchburg, a railroad Y. M. C. A. building for the use of its many employees. In the edifice there will not only be reading room, library, and bath, but also a lunch counter and sleeping apartments in charge of a paid secretary.

CURE CATARRH BY BREATHING.

Goodrick's Modern Pharmacy Offers to Return Home if Hyomei Treats Emaciated Catarrh Without Stomach Dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a pessimal which can be carried in the purse or pocket. Hyomei breathed through this pessimal the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

Ask K. N. Goodrick to show you a Hyomei outfit, and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

WHISKY CAUSES TYPHOID FEVER

President of Illinois Board of Health Sounds a Warning.

Chicago, April 15.—Whisky drinking as one of the causes of typhoid fever is given by Dr. George W. Webster, president of the state board of health, in an address before the Young Men's Christian Association.

The only safe prevention, Dr. Webster averred, was pure drinking water, the keeping of the digestive system in perfect condition, and the maintenance of a high state of vitality.

"Do not drink whisky if you wish to avoid typhoid fever," said Dr. Webster. "It lowers the vitality and prevents perfect digestion. There is nothing more conducive to stomach troubles than whisky. A low vitality and imperfect digestive organs invite typhoid fever."

The New Railway Bridge Across the Potomac.

The floor beams of the new bridge are stretched from the shore pier at the Washington end to the first pier in the river.

The bridge men are working on the overhead parts of the structure. Work is being hastened on the approaches to the new bridge at both ends and will be ready for use long before the steel work of the bridge is completed.

To Aid Working Girls.

A charter has been granted by the State corporation commission to a federation of women in Lynchburg, organized under the name of the Van Dyke League, the objects of which are the establishment and maintenance of homes, affording good board and lodging and pleasant and protective surroundings for working women and girls without home ties, at a minimum cost to them.

RICHMOND COUNTY.

J. O. U. A. M. Addressed By State Secretary—Other Notes.

Newland, Va., April 13th, 1904.

Mr. Thomas B. Ivey, of Petersburg, secretary of the State Council, Jr. O. U. A. M., delivered an excellent address at Resolution Council No. 32, here last night. His speech for two and a half hours principally along the line of the differences existing between the State and National Councils. Mr. Ivey is a fine speaker. The visiting brethren present from other Councils were: Oak Grove Council, Oak Grove, Messrs. Geo. V. Thompson, James Jenkins, Rev. G. M. Connelly and Mr. Wilson; Montrose Council, Hon. C. Conway Baker, Philip Harvey, Charlie Harris, Dr. G. C. Mann and Mr. Walker; Mount Vernon Council, Clinton, B. Marmaduke, J. B. Bryant and John B. Campbell; Hon. C. Conway Baker was called to the stand and made a short address. Mr. Wilson, of the Oak Grove Council, also spoke. The attendance of juniors was quite large. The order here is in a flourishing condition, notwithstanding there has been a little trouble caused by twenty members withdrawing and forming a National Council. Everything is quiet now.

At present there are four fraternal orders in this community. They are two Junior Orders, Patriotic Sons of America, and Daughters of America. The P. S. of A. are getting lumber in place to erect a new hall in this village.

The Christian denomination, who organized a church here last fall with twenty members, will erect a new and handsome church near the village. Stone wall contains not more than 1500 inhabitants, and from 100 to 120 square miles of territory, and within its borders we find fifteen stores, besides several in adjacent districts and counties near the line.

Mrs. Sarah Campbell is quite sick with rheumatism.

John R. Campbell, of Chilton, was here this week, writing insurance and taking orders for nursery stock.

Unanswered Prayers.

(Published by request.)

He could always send to you that for which you pray. But while he hears all your prayers as a loving Father He hears only those that will be best for you. Would you take the matter out of His hands? You do not know what is best for your life; you cannot see a step beyond the present, so thick are your fears and so little do you know what lies ahead. But God is infinite in knowledge and infinite in His love. Therefore, while you pray for that which you most desire, fail not to add, "If it Thy will, God loves you. Whatever else you forget, let me remember that you are precious in His sight. You are His child, and that which is best for you He will do, and here you may rest your soul—Southern Churchman.

Confederate Claims.

Under the heading of "claims for property taken from Confederate officers and soldiers after surrender," the urgency deficiency bill now in the House of Representatives carries \$125,000. This amount is to pay claims filed under the acts of February 27, 1902, for horses, saddles and bridle taken from Confederate soldiers. Nearly \$100,000 has been expended in the settlement of these claims, but there are 956 claims remaining to be paid.

Arbor Day.

Gov. Montague has issued a proclamation designating April 22 as Arbor Day, and urging the people of the State to plant trees.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Barnum's "greatest show on earth" has not only abolished street parades, but is now accompanied by its own orchestra. There is no telling where this reform mania will end—Atlanta Constitution.

A Continual Strain.

Many men and women are constantly subjected to what they call "continual strain," but they can remedy its healthful effects by taking Dr. Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.

Some lawyers have business at the bar only when they are invited to take something.

The Best Family Salve.

DeWitt's Witch Hazel gives instant relief from Burns, Cuts, Bruises, Sore, Eczema, Tetter and all abrasions of the skin. In buying Witch Hazel Salve it is only necessary to read the name on the wrapper. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by D. C. Bowman.

DIETRICH EXONERATED

U. S. Senator Not Guilty of Corruption in Postal Patronage.

REPORT OF SPECIAL COMMITTEE

After Reviewing Evidence of Appointment of Postmaster and Leasing of Building at Hastings, Neb., Committee Says Charges Can't Be Sustained

Washington, April 15.—Senator Dietrich, of Nebraska, has been declared by a special committee of congress to be not guilty of any violation of the statutes of the United States or of any corrupt or unworthy conduct relating either to the appointment of Jacob Fisher as postmaster at Hastings, Neb., or the leasing of the building in

that city to the United States for a postoffice. The committee which investigated the charges against Senator Dietrich was composed of Senators Hoar, Platt, of Connecticut; Spooner, Cockrell and Pettis. Three members of the committee are Republicans and two Democrats. The report is unanimous.

The report reviews the testimony at length and the conclusion is reached that the charges cannot be sustained. The committee with reference to the lease of the building at Hastings finds that it was effected while Mr. Dietrich was governor, and before he became senator; that it extended for 10 years, and that the law governing in such matters was not violated. The report says the committee admitted not only such evidence against Senator Dietrich "as would have been competent in a court of justice, but also a great deal of hearsay testimony, which was brought to the attention of the committee as a possible clue to further information." This, it says, was taken with the consent of Senator Dietrich, and it is stated that the committee "did not determine how far this proceeding would have been justified for any reason, without such consent, even if they had carefully refrained from attaching any weight to it in their final decision. But in fact did not in the least tend to shake or affect the conclusion they had reached."

Good for Children.

The pleasant to take and harmless DeWitt's Cough Cure gives immediate relief in all cases of Coughs, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, breaks and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by D. C. Bowman.

A Cure For Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Early Risers night and morning. These famous little pills are famous because they are a tonic as well as a pill. While they cleanse the system, they strengthen and rebuild it by the tonic effect upon the liver and bowels. Sold by D. C. Bowman.

The way of some transgressors seems to be pretty smooth.

Senator C. H. Dietrich, of Nebraska.
